

Bit

Stools

Design — Iiro Viljanen

Bit stools are designed for working and learning environments that need to be easily modifiable. The stools come in four different shapes and in various heights. It's fun to create different kinds of combinations with them. The stools are easy to move with their lifting straps and hidden rollers.

MATERIAL DESCRIPTION:

Fully upholstered stools with light padding.

Bit and Bit Round with felt glides and a strap.

Bit Stick and Bit Twist with felt glides or hidden castors.

PRODUCT CODE NUMBER:

Bit = 341A (42/52)

Bit Round = 341D (42/52)

Bit Stick = 341S (32/42/52) (R)

Bit Twist = 341T (32/42/52) (R)

32 = height 32 cm

42 = height 42 cm

52 = height 52 cm

R = hidden castors

FABRIC CONSUMPTION:

Bit: h 42/52 cm / 1.4 m

Bit Round: h 42/52 cm / 2 m

Bit Stick: h 32 cm / 1.9 m, h 42/52 cm / 2.4 m

Bit Twist: h 32 cm / 2.4 m, h 42 cm / 2.6 m, h 52 cm / 3 m

CARBON FOOTPRINT:

Bit 341A: 50.3 kg CO₂e
